Honor stones are solid granite stones inscribed with the names of persons whom we wish to recognize and honor with a profound and lasting tribute. Stone purchasers also submit information to the Registry Books which are maintained in The Highground Museum. These books hold individual histories about each of those for whom the stones have been placed. Those histories contain photos, letters, stories, news-clippings, poems, and/or thoughts by or about the honoree. They can be one page or many pages long. Additional information may be added as the life unfolds or more information is discovered. It is the Stone, combined with the pages of The Registry, which create a true legacy.

Honorees may be a veteran or non-veteran, living or not, an individual or an organization involved in supporting these US troops. Funds are to help provide for future upkeep of the Park and remarkable tributes.

Sponsors to be listed in the ceremony's program (*please limit to seven words or less*):

The program printed for your day will list the stone's engraving, the honoree's hometown, and the stone's sponsors. We would also like to include a short, **one or two sentences**, about the honoree in hopes we will all know something special about this person you are paying tribute to with a stone. This will not be engraved on the stone but written in the program brochure for others to see at your ceremony. This could be the honoree's favorite saying, wish, hope, funny story, what he/she believed or what they would like to be remembered for. Why are you honoring this person? Is this a gift to them? Or a remembrance of them? Your choice, but please be brief—there are 20 others to incorporate into your program also.
